

Did You Know?

Medical transport services are sometimes necessary, but be **aware** that some ambulance companies are inappropriately billing Medicare billions of dollars each year. These suspect medical transport companies may bill for services that you may not have received; such as oxygen, cardiac monitoring, and more. If you suspect a medical transport company has committed fraud, you must report the matter in order to protect yourself and your health care benefits.

- ❖ Basic Life Support, or BLS, includes oxygen, cardiac monitoring, and more. If you were charged for BLS but did not receive these services— report it!
